

LIST OF DOCUMENTS FOR INSPECTION BODIES

2023-7-1

No.	Name of Document
General rules	
1	CNAS-R01:2023 Rules for the use of accreditation symbols and claims of accreditation
2	CNAS-R02:2023 Rules for impartiality and confidentiality
3	CNAS-R03:2019 Rules for dealing with appeals, complaints and disputes
Rules specific to inspection body accreditation	
4	CNAS-RI01:2019 Rules for the accreditation of inspection bodies
5	CNAS-RL02:2018 Rules for proficiency testing
6	CNAS-RL03:2023 Rules for accreditation fees for laboratories and inspection bodies
7	CNAS-RL04:2022 Rules on accepting accreditation application from cross-frontier laboratories and inspection bodies
General criteria(list only)	
8	CNAS-CI01:2012 Accreditation criteria for the competence of inspection bodies (2nd revision in 2019) (ISO/IEC17020:2012, IDT)
Specific criteria	
9	CNAS-CI01-G001:2021 Application of accreditation criteria for the accreditation of inspection bodies (ILAC P15:05/2020)
10	CNAS-CL01-G002:2021 Requirements on the metrological traceability of measurement results
11	CNAS-CL01-G003:2021 Requirements for measurement uncertainty(1st revision in 2023-1-1)
12	CNAS-CI01-A001:2021 Guidance on the application of inspection body competence accreditation criteria in the field of boilers, pressure vessels (including gas cylinders) and pressure pipelines
13	CNAS-CI01-A002:2021 Guidance on the application of inspection body competence accreditation criteria in the field of elevator, cranes, ropeway, large recreation facilities, powered vehicles on the place used for a particular
14	CNAS-CI01-A003:2018 Guidance on the application of inspection body competence accreditation criteria in the field of CCC factory inspection
15	CNAS-CI01-A004:2018 Guidance on the application of inspection body competence accreditation criteria in the field of general factory inspection

16	CNAS-CI01-A005:2021 Guidance on the application of inspection body competence accreditation criteria in the field of construction engineering CNAS-CI01-A005:2018 Guidance on the application of inspection body competence accreditation criteria in the field of construction engineering
17	CNAS-CI01-A006:2018 Guidance on the application of inspection body competence accreditation criteria in the field of commodity (cargo) weighing
18	CNAS-CI01-A007:2022 Guidance on the application of inspection body competence accreditation criteria in the field of motor vehicle
19	CNAS-CI01-A008:2018 Guidance on the application of inspection body competence accreditation criteria in the field of architectural fire protection systems and architectural electrical fire prevention
20	CNAS-CI01-A009:2023 Guidance on the application of inspection body competence accreditation criteria in the field of inspection on logistics safety and transportation of goods
21	CNAS-CI01-A010:2018 Guidance on the application of inspection body competence accreditation criteria in the field of energy conservation inspection
22	CNAS-CI01-A011:2018 Guidance on the application of inspection body competence accreditation criteria in the field of building energy efficiency
23	CNAS-CI01-A012:2018 Guidance on the application of inspection body competence accreditation criteria in the field of energy conservation industrial boiler in-use
24	CNAS-CI01-A013:2018 Guidance on the application of inspection body competence accreditation criteria in the field of the failure analysis body of pressure vessel
25	CNAS-CI01-A014:2020 Guidance on the application of inspection body competence accreditation criteria in the field of sports venues
26	CNAS-CI01-A015:2020 Guidance on the application of inspection body competence accreditation criteria in the field of equipment supervision
27	CNAS-CI01-A016:2021 Guidance on the application of inspection body competence accreditation criteria in the field of independent safety assessment of rail transit communication, signaling and processing systems
28	CNAS-CI01-A017:2021 Guidance on the application of inspection body competence accreditation criteria in the field of independent safety assessment of rail transit vehicles
29	CNAS-CI01-A018:2022 2022 Guidance on the Application of Inspection Body Competence Accreditation Criteria in the Field of Evaluation of Classified Cybersecurity Protection
Guidance(list only)	
30	CNAS-GI001:2022 Guidance on inspection body accreditation
31	CNAS-GI002:2018 Guidance on accreditation requirements of the energy conservation inspection body of industrial boiler in-use
32	CNAS-GI003:2018 Guidance on accreditation requirements of the failure analysis body of pressure vessel

33	CNAS-GI004:2019 Guidance for inspection body accreditation in testing and commissioning for high-speed railway field
34	CNAS-GI005:2020 Guidance for inspection body accreditation in the field of equipment supervision
35	CNAS-GI006:2021 Guideline for the formulation of scopes of accreditation for inspection bodies
36	CNAS-GI007:2021 Guidance on measurements performed as part of an inspection process
37	CNAS-GI008:2021 Guidance for inspection body accreditation in the field of independent safety assessment of rail transit communication, signaling and processing systems
38	CNAS-GI009:2021 Guidance for inspection body accreditation
39	CNAS-GL011:2018 Guidance on internal audit for laboratories and inspection bodies
40	CNAS-GL012:2018 Guidance on management review for laboratories and inspection bodies
