燕窝产品认证

Bird Nest Product Certification

基于议定书和注册监督的需求，中心开发了“中国燕窝溯源管理平台”，实现了燕窝产品从原料到消费者的全链条溯源。目前所有获得CNCA注册的企业输出的输华燕窝产品都加贴了CAIQ溯源标签，这为口岸查验、国内市场监督和消费者识别提供了简便有效的途径。

Based on the needs of protocol and registration supervision, CNCHACCP established Platform for Edible Bird's Nest Traceability Management in China, which can trace the information from raw materials to consumers of bird's nest products. At present all the bird's nest products exporting to China of establishments passed registration by CNCA have CAIQ stickers on minimum sales package, which provide simple and effective way for port inspection, the domestic market supervision and consumer recognition.
